

ASTRA-SENSE WLD POINT SENSOR

Precise and reliable protection against water damage in various environment, with real-time monitoring and instant water leak alerts. Experience peace of mind with Astra-Sense Water Leakage Detection (WLD) point sensor.

Features

- Dual electrode contact probe
- Groove sensing design
- LED Indicator
- With mounting holes

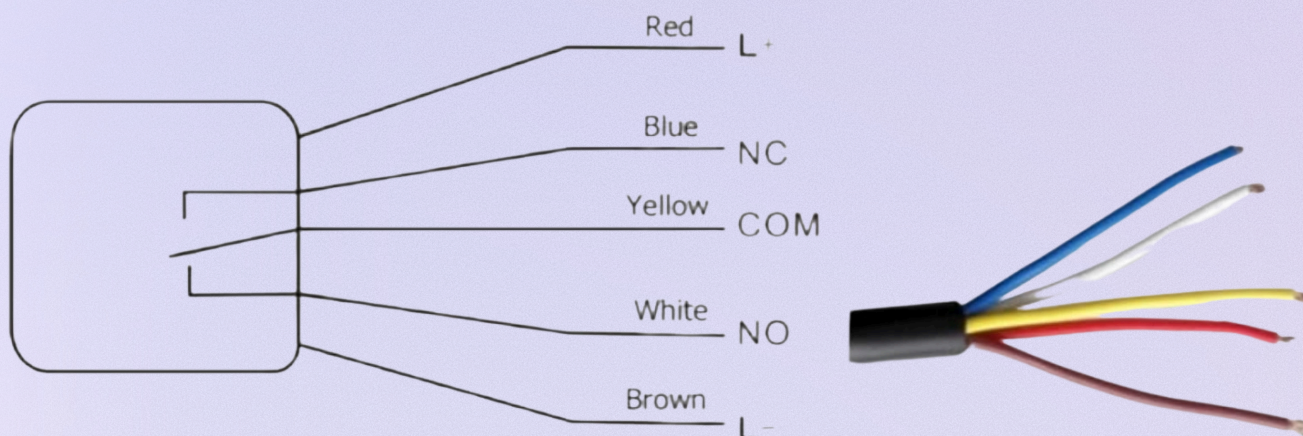

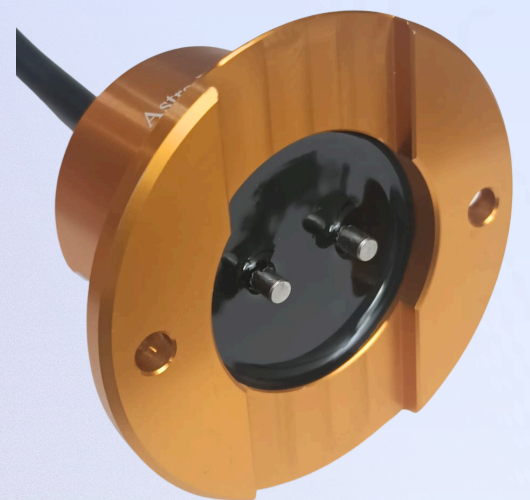

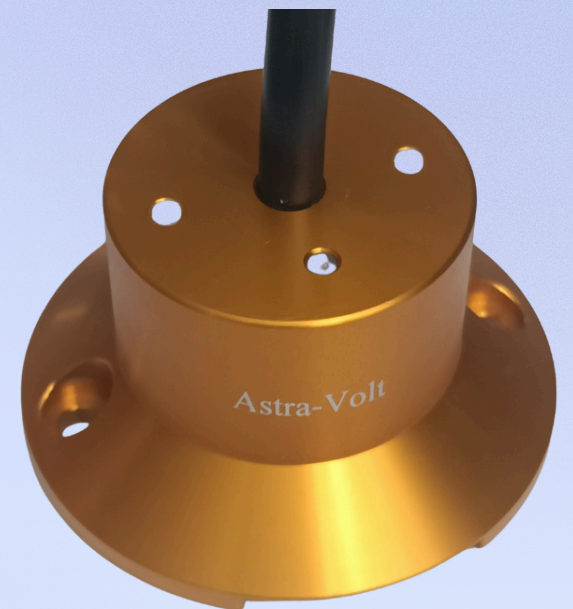

Applications

- Data Centers & Server Rooms
- Industrial Equipment Rooms
- Commercial Buildings & Hotels
- Underground Parking & Storage

Technical Specifications

- Supply Voltage: 12V - 24V DC/AC
- Relay contact output: NC/NO (3A)
- Response speed: <50 millisecond
- Work temp.: -5°C to +60°C
- Dimensions: Diameter 60mm, Height 32mm
